BEEUC has two main objectives:

1) raise the awareness of the importance of European Citizenship in persons (especially youngsters) belonging to regions that generally are outside of the decision centres within our countries – inclusion and diversity across intercultural and intergenerational fields;

2) promote European citizenship with the help of the different countries' art forms (music, dance, band,...) – European identity, citizenship and values;

BEEUC results:

Tangible

- 1) website in 3 languages to share the ideas, thoughts and points of view from participants regarding the implications of the EU in our own lives;
- 2) BEEUC project book – EU Identity, From Past to Success;
- 3) 5 minutes performance using the experience of the partners in specific parts (Choir, Band, Dance) “EU calls – from the inside of EU to the heart of EU”;

Intangible

- 1) Raise the auto confidence of the persons coming from the profound interior of the 3 countries. They also make part of the EU, and together they want to achieve a sustainable coexistence within the EU, they belong to the EU also;
- 2) Awareness of the importance of the EU parliament, the place to decide essential guidelines that will produce real effects on every EU citizen.
